Who We Are

- John Paul (JP), a high school senior at the time, was a passenger in a car accident in 2007 where he suffered a severe brain stem injury that left him permanently in a quadriplegic state.
- The **JP Recovery Foundation** was initially created to assist with John Paul's ongoing medical expenses and has now evolved into much more!
- Because of your generosity, we are not only able to help John Paul live a healthy life in his current state, but we have helped many other families annually that have experienced similar situations through donations and by hosting sensory-friendly events in our community.
- 2026 will be our eighth year awarding scholarships for aviation and nursing in honor of John Paul at CCBC.
- In addition, it will be our eighth year awarding scholarships to Senior students at Central Valley High School.
- We golf annually so that we can continue this mission by giving others a reason to smile and stay #StrongLikeJP.
